NIPPON BARBER PANIC STRICKEN

SAN FRANCISCO, June 27.—A new chapter is added to the romance of opium on almost every arrival of a steamer from the Orient, and yesterday's chapter began with the seizure on the steamship Nippon Maru of twenty-five 5-oz. tins of smoking opium.

There was an element of the comic in the affair, the Japanese barber being the comedian. Customs Inspectors P. C. H. Hucker and H. S. Verney proceeded to search the barber shop, and the Japanese barber laughed at them, remarking: "You find no opium. I'm not a Chinese." After searching the drawers and the lockers they found an old valise on the top shelf of a locker and when they opened it and found the twenty-five tins, the barber, with a yell of dismay, ran from the room and went into hiding. The inspectors caused a search to be made for him, but he could not be found.

Some time ago Collector Stratton issued an order prohibiting the selling or peddling of dutiable goods on the steamers, as had been the custom for many years, and required that the duty should be paid on all such articles brought to this port.

Freight Clerk F. E. Baker of the Nippon Maru violated this rule, for a large collection of linens, faces and silks were found in his room yesterday by Customs Inspector Charles Benninger and H. S. Verney and were taken to the office of Deputy Customs Surveyor Charles H. Blinn.

After communicating with the Collector, Blinn was advised that under the ruling of United States District Judge de Haven no conviction for smuggling could be had so long as the articles were not taken off the vessel, but that the goods could be seized and confiscated, not having been entered on the ship's manifest. Baker was thereupon released, and the goods will be sold for the benefit of the Government.

JAIL TERM FOR "NELLIE BLY"

NEW YORK, June 26.—Nellie Bly, in private life Mrs. Elizabeth C. Seaman, one time noted traveler and newspaper woman and now a member of the Ironclad Manufacturing Company of Brooklyn, was sentenced by United States Judge Mayer in Brooklyn, today to a term of 20 days in jail and to pay a fine of \$3000. A stay was granted to July 1.

Mrs. Seaman was found guilty of contempt of court in connection with a creditor's inquiry begun after a federal judge in Brooklyn declared the Ironclad Manufacturing company bankrupt. Attorneys for Ironclad creditors have sought to bring out that the American Steel, Bar and Pipe Company, another concern operated by Mrs. Seaman and said to be valued at \$2,000,000, was nothing less than a subsidiary of the Ironclad.

In fighting this move, Mrs. Seaman refused to produce the Ironclad company books, which today resulted in her being adjudged in contempt. Nellie Bly is well known in Honolulu, having made a famous trip here years ago.

FATHER KILLS EAGLE ABOUT TO CARRY OFF HIS CHILD

Bird Had Started Away with Her in His Claws but Dress Luckily Gave Way

SOUTH NORWALK, Conn., June 14.—The largest eagle ever seen or shot in these parts attacked Emma Treadwell, an eight-year-old girl, in the rear of her home in Westport this afternoon. The bird, which measured seven feet from tip to tip of the wings, swooped down on the child as she was picking flowers, grabbed her by the back of her gingham dress with his claws and started to fly away with her.

The material gave way, however, and the child fell into the grass. The eagle was returning to the attack when the child's cries alarmed her father, who came with a shotgun and brought the bird to the spot. Even then the eagle put up a stubborn fight and clawed at Treadwell viciously when he approached it.

The girl was lacerated somewhat by the eagle's claws and was bruised by her fall, but her injuries are not serious. It is against the law of the State to shoot an eagle, but in view of the fact that it was to preserve a human life, it is not thought that Treadwell will be prosecuted.

PERRET PROPHECIES AETNA ERUPTION

BOSTON, Mass., July 1.—Professor Frank Alford Perret of the department of geology at the Massachusetts Institute of Technology, predicts that Italy will soon be visited by another catastrophe. He foretold the eruption of Mount Aetna in 1910. After the eruption of 1906 the King of Italy decorated him. Since then he has remained faithful in the zone of volcanic activity, coming to Boston at rare intervals.

"Having devoted my life," says Professor Perret, "to the study of earth disturbances, I have, through purely scientific means, been able to judge approximately the time of volcanic eruptions before they occur. I believe that we may look for another eruption of Mount Aetna within three or four years."
